English	PROFESSIONAL

Professional Experience

Software Engineer

Ago. 2021 - Present

Visma

Enterprise software development focused on cloud technologies and microservices.

- Design and implementation of scalable microservices
- Complete cloud infrastructure management on Azure
- Deployment automation with CI/CD pipelines
- Cost and performance optimization (FinOps)

.NET Core

Kubernetes

Microsoft Azure

GitHub Copilot

Microservices

Azure DevOps

Angular

Terraform

Bicep

Programmer Analyst

May. 2019 - Ago. 2021

Ibercaja

Development of critical applications for financial and insurance services.

- Technical leadership in insurance mediation project
- Development of high-availability applications
- Legacy banking systems modernization
- Collaboration with business and compliance teams

.NET Framework

C#

ASP.NET

SQL Server

Entity Framework

Programmer

Mar. 2017 - May. 2019

Analyst

Hiberus Tecnología

Full-stack development for financial and airport sector clients.

- Development for Ibercaja Seguros and Vueling Airlines
- Modern web application architecture with Angular
- Complex enterprise systems integration
- Performance optimization in critical applications

Angular

ASP.NET

C#

Entity Framework

SQL Server

Senior Programmer (Microsoft Technologies)

Oct. 2016 - Mar. 2017

Tecnocom

Maintenance and modernization of legacy enterprise applications.

- Migration of classic ASP and VB6 applications
- Development of modern interfaces with Silverlight/WPF
- COM+ components optimization for better performance
- Technical documentation of legacy systems

WPF

Silverlight

VB6

COM+

ASP Classic

Software Developer

Oct. 2013 - Oct. 2016

Hiberus Tecnología

Full-stack development for multiple sectors (retail, public administration, healthcare).

- Web ERP development for sales order management
- Desktop applications for SATs with Windows Forms
- Custom CRM with real-time data synchronization
- Management systems for Provincial Council of Zaragoza
- Final Career Project: CRM for medical visitors (9.0/10)

ASP.NET

Bootstrap

jQuery

SQL Server

Windows Forms

VB.NET

Education

Microsoft Certified: Azure Fundamentals

2023

[Microsoft](#)

Certification in Microsoft Azure fundamentals, cloud services and implementation best practices.

[View credential](#)

Computer Engineering Degree

2014

[Universidad de Zaragoza](#)

Specialization in Computer Architecture and Technology, Computer Science and Artificial Intelligence, Systems Engineering and Automatic Control, Languages and Computer Systems.

Average grade: 6.7. Honors in Operating Systems I (2010).
